

Homework Menu

Spring Term Theme:- Change

Starter

Complete the following activities regularly throughout the term.

- Visit to library to read a new book.
- Read school library and scheme books.
- Count in 2s, 3s, 5s and 10s
- Form numbers to 100 correctly.
- Learn number bonds of 10 and 20
- Spell key words correctly.

Main Course

Choose 2-3 tasks to complete this half term:-

- Investigate materials through play. Can you change something's shape by breaking it, folding it, shaping it, pouring it?
- Find materials that are flexible, rough, hard, soft, spikey, shiny.
- Group the materials you have found.
- Count how many different types of materials you have found.
- What happens when you heat up a material or make it cold?
- With support, experiment at home using water or chocolate.
- Recycle materials and group them accordingly.
- Can you group the materials into the correct bags?

***Remember you can send a photo of your homework to @penalltau or @Mrsj_p or MrsIrees**

Pudding

Optional throughout the half term.

Use different materials to make a picture (collage)

Cook a pudding in which you needed to heat chocolate and make it cold in order to change the consistency.
